

# **Suck-It Up**

Since 1990

Only \$20/bag or \$860 Pallet (43 bags) (Shipping not included)

1 cup is a lot of product (Tendency is to over use)

Swiss Army Knife (name given by hunting & fishing outfitters)

**Turns any liquid into a powder** / 1 gallon of paint in 10 seconds

Such as: oil, antifreeze, overflowing toilet, making mud into firm ground, paint (including paint removal: paint brushes, boats, cars, furniture, paint on cement: apply stripper to make liquid), poison ivy/oak, water in a boat, blood (cleaning fish & game: does stop bleeding), cleans upholstery & carpet, etc.

**Inert, Food Grade Product, & is NOT harmful to people or the environment.**

Can use to clean up dishes in place of water while camping

**Removes odor** from feces, urine, & vomit (excrements)

**5 Gallon bucket: fill up about ½ (approximately ¼ bag)**

If completely dry excrements can place in soil & fertilize the garden, it is called remediation (been around for years). Or if you prefer when your commode (toilet) is full, you can place it in a bag in the garbage (without smell)

**Puts out fires:** Forest Services/Fire Departments have been trained to put out fires,

Can be adapted to fire hoses, aircraft, emergency vehicles, etc.

Also used as a fire barrier to protect vehicles & items of value

**(WITHOUT** water damage in homes, boats, RV's, auto racing, etc.)

And with engines fires, it does not reignite

**Makes Ice Slip less:** as fast as you can push a broom, you can run across black ice, a slippery roof or deck of a boat/ship with oil or grease, (used on fishing boats & oil drilling rigs), assists vehicles out of ditches & back on the road (towing trucks use)

1 cup covers approximately 25 feet of black ice, plus as the ice melts & freezes again at colder temperatures, you do not need to reapply until the product is removed by wind or fresh snow. Will **NOT** ruin fresh cement or grass (fertilizes it).

Bag has approximately 10 Gallons & can handle approximately 20 gallons of liquid

**Can reuse until powder is saturated**

i.e.: In shops to clean up oils spills, mud & snow melting in the winter, etc.
